## Azadi Shelter Home Trip to Pondicherry

The Child Impact NGO team brought immense joy to the girls at Azadi Shelter Home by organizing a memorable 3-day trip to Pondicherry. Twenty women and children embarked on an exciting journey filled with laughter, new experiences, and unforgettable moments.

The group traveled by train, with many experiencing train travel for the first time. They enjoyed the beach, reluctant to leave after hours of fun in the sun and sand. Shopping in local markets was another highlight, allowing the girls to buy new clothes and footwear, giving them a sense of independence and excitement.

### ● Highlights of the Trip

A special moment during the trip was the celebration of Jeremiah and Rudra's birthdays at a 5-star hotel, adding a touch of luxury to the adventure. The girls were overjoyed by the celebration, which made the trip even more memorable.

This incredible experience was made possible through the support of Mara and the Child Impact team, and we are deeply grateful for their generosity. The girls of Azadi Shelter Home are forever thankful for the happiness, memories, and bonding created during this journey.

## TFP India Coaches Take the Next Step

We are thrilled to announce that our TFP India coaches—Satish Kumar, Madan Kumar, and Seenu S—have been selected to participate in the AFC C License Course from September 30th to October 10th. At TFP India, we prioritize investing in our coaches to ensure they can create a positive impact in underserved communities. By equipping them with quality training, we aim to transform the lives of young boys through football. This marks our second batch of coaches completing the prestigious C License, further strengthening our mission to provide top-tier coaching and mentorship.

### Coaches' Breakfast and Training Initiative

We organized a coaches' breakfast for 25 coaches. During this gathering, we introduced 3D dimensional coaching materials designed to enhance their training methods and improve player development. Sharing breakfast together provided a valuable opportunity for bonding and collaboration, reinforcing our commitment to delivering quality coaching for underserved and vulnerable boys in the community.

### Police Awareness Initiative at TFPIndia

At TFPIndia, we are committed to supporting underserved communities, where the boys often face significant challenges such as drugs, gangs, and violence. To address these issues, we have partnered with the government police to conduct an awareness session for the boys following their morning coaching at the Bangalore East ground. This initiative aims to educate and empower them to navigate these challenges effectively and make informed choices for a safer future.

# INAUGURATION OF THE CHILD LABOUR PREVENTION INITIATIVE

## LAUNCH OF THE PREVENTION OF CHILD LABOUR PROGRAM

We are excited to announce the official launch of the Prevention of Child Labour Program at Sri Sidhartha Government Aided School, Kothanur on 25th September 2024.

TfpIndia in partnership with Government have initiated The "Prevention of Child Labour" project is dedicated to tackling the issue of child labor by supporting socio-economically marginalized children and empowering women within the community. The primary goal is to foster an interest in academics among children, reducing the chances of their early entry into the workforce. Furthermore, the project aims to empower women by offering employment opportunities at MFU, which will contribute to improving the overall socio-economic status of the families involved.

Empowerment Through Engagement & Employment Opportunities

110+

MEALS PREPARED EVERYDAY

AT TFPIndia prepares nutritious meals everyday for the afterschool program, ensuring that children receive not only academic support but also healthy food to promote their overall well-being and development.

## PHASE TWO

We have identified 108 children from the school who will be participating in the program. Our next step involves conducting a detailed survey to collect information about the families of these children. This survey will also help us in selecting eligible mothers for employment at the MFU, which aims to empower women by providing them with stable income opportunities.

## EMPOWERING CHANGE THROUGH LIFE SKILLS

Our life skills program is the primary focus of our sports initiative, where we bring boys from various communities together for a time of knowledge and awareness. We share stories of transformation and change, as well as narratives of traumatic endings. These stories instill a sense of fear and motivation for change in their lives, encouraging them to reflect on their own journeys and aspire for a better future.
